

Erratum: Inequitable Exposures to U.S. Coal Power Plant–Related PM_{2.5}: 22 Years and Counting

Lucas R.F. Henneman,¹ Munshi Md Rasel, Christine Choirat, Susan C. Anenberg, and Corwin Zigler

Environ Health Perspect 131(3):037005 (2023), <https://doi.org/10.1289/EHP11605>

Table 1 incorrectly labeled low-operation year population-weighted exposure as “High-operation years” in the “Avoided: reduced operation after scrubber” naming convention. In addition, Figure 2 was presented in poor quality in the pdf version (not the html).
